# Learn how to activate the **Show/Hide accounts option in Digital Banking**
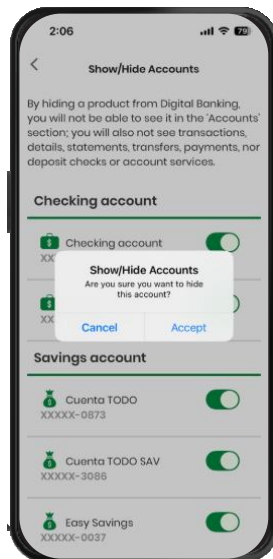

1. Once you have logged into the application, go to the More option in the menu and then select Manage > Show/Hide Accounts.

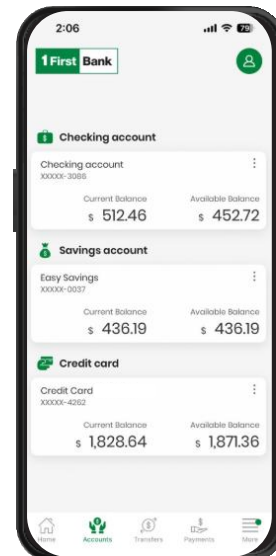

2. You will have access to the list of accounts under your profile.

3. Select the account(s) you wish to hide and press Accept.

4. In the Accounts section, you will only see the accounts you want to view.
